Jackson is a pomsky who has really started to come out of his shell. He still gets nervous around loud noises or new things but once he gets comfortable he is incredibly sweet. Contact me and I have to show how sweet and special he is! He loves attention and will keep going in circles to continue getting pet. He loves giving head rubs and purrs like crazy! He also loves to play and if he has a toy in his mouth will growl at the kittens to tell them it's his toy and his toy only! He loves to wrestle with kittens and chase them around the room, but also curl up in a bed for a nap with one of them. He would do great with cat or kitten! Please help find this handsome boy a home. He is getting sweeter everyday and is ready to meet his new family. If interested in adopting
