QR Code Link to This Post Are you unhappy in your current child care? In a center that only cares about making money? Do you want your child in a happy safe secure environment with a very low teacher to child ratio? In home child care is what you are looking for!

Smarty Pants Early Education Center is a new daycare in the Bear area. The center itself is new, however the owner has almost 30 years of experience working in child care and teaching pre-k. At Smarty Pants we love each child and want to develop them as they grow and mature. Our goal is education through play. Your child will love it at Smarty Pants. It's a warm, inviting, safe, secure place for your child to grow!

We have no infant spaces left, but are still looking for 2 more children ages 2+!

Call Dianne today at to set up a visit! You can email us as well at . We can't wait to meet you.
