 I would first like to tell you a little about myself. I am a mother of two wonderful girls and a graduate of Chamberlain College of Nursing. I have a in home daycare in the Broad ripple/ Glendale area and I now have a 2nd location on the Northwest side of Indianapolis off of 71st and Michigan road that I am looking forward to filling spots on the first shift which is anytime between 7am-6pm. We are a ministries facility!! Our staff is CPR and First aid certified.
 Our daily schedule is full of more activities than T.V., as we understand the importance of our children's education and we focus more on learning with interaction rather than T.V. The children in our program have many resources to incorporate learning at each age level provided.
