

If you're passionate about mobile platforms and translating code into user-friendly apps and engaging games, we would like to meet you. As a Mobile developer, you'll collaborate with internal teams to develop functional mobile applications, while working in a fast-paced environment. Ultimately, you should be able to design and build the next generation of our mobile applications.

- Support the entire application lifecycle (concept, design, test, release and support)â€
- Produce fully functional mobile applications/games writing clean codeâ€
- Gather specific requirements and suggest solutionsâ€
- Write unit and UI tests to identify malfunctionsâ€
- Troubleshoot and debug to optimize performanceâ€
- Design interfaces to improve user experienceâ€
- Liaise with Product development team to plan new featuresâ€
- Ensure new and legacy applications meet quality standardsâ€
- Research and suggest new mobile products, applications and protocolsâ€
- Stay up-to-date with new technology trends

- In-depth knowledge of Unityâ€”
