New bee hive sets, brood boxes, supers, and more.
This is wooden ware that I build/assemble.
It is standard 10 frame Langstroth dimensions.

The boxes are CNC machined and fit together tightly. They use interlocking "finger joints" and are glued and nailed for unbeatable rigidity. The handles are cut angled into the wood, maximizing the amount of grip material while minimizing the amount of thin area.

The frames are purchased from Mann Lake. They are glued and nailed together. We use plastic wax-coated foundation.

Starter Set \$200.00 Painted: \$230.00

2 Deep Boxes, 2 Medium Boxes Bottom Board, Inner Cover, Telescoping Outer Cover, 20 deep frames with plastic wax-coated foundation, and 20 medium frames with plastic wax-coated foundation.

Base Hive \$75.00 Painted: \$90.00
