QR Code Link to This Post If you can keep a good meter and understand DYNAMICS, that's all great.

BUT in addition to that, we need a drummer who has a strong lead voice as well as a good ear for harmony.

We need a drummer who is a team player, and is can sing and KNOWS early Classic Rock (50's-70's). OK maybe a dribbling of country too.

We are a working power trio (6-12X monthly).

The bass and guitar in the group have good strong lead vocals and good harmony and now we seek a drummer who can fit in with us to complete our line up.

90% of our repertoire has 3 part harmony.

If you DO NOT KNOW this era of music, or cannot sing strong lead or cannot hear harmony and/or background vocals, then it would probably be a waste of your time and ours to respond.

We have solid bookings thru the end of 2018 and into 2019 and 2020.

Please do NOT ask for a song list because if you read the ad, you would have a good idea of the songs we play. (we have over 600 songs we can play)

I am not trying to offend anyone, I am being REAL.

We plan to respond to all inquiries...!!!!

Please leave a telephone # where we can call you.
