QR Code Link to This Post I have a medium size parrot cage for sale. Its heavy duty and sits on a removable stand for easy cleaning and it has an open play top. It's brand new, never been used. I was looking to buy a smaller cage for My African Grey, a cage that would be easier to clean but I made a mistake and this cage is just too small for him. I paid \$125 for it and it's normally \$209 so I'd like to get what I paid for it. I am in no rush to sell it. I bought it from Drs Foster Smith. I have the online receipt and shipping receipt info. I just bought the cage at the end of November 2017.
