QR Code Link to This Post I am a 28 year old musician and songwriter looking for others interested in jamming, songwriting, and recording original music. I work full time and travel fairly regularly for my job, so meeting on a casual basis once or twice a week to play and write would be my ideal setup - I see this primarily as an opportunity to have fun and enjoy being creative. Hoping to hear from people in a similar place in life / with similar goals. Over the long term, low-key performance opportunities like Porchfest could eventually be in the cards.

Influences include Animal Collective, Bon Iver, Real Estate, Beach House, Dirty Projectors, Explosions in the Sky, How to Dress Well, Lake, Pinback, Plants and Animals, Sylvan Esso, Cass McCombs, and many others. The songs I write usually have a similar vibe, but I'd also be interested in exploring a broader range of styles.

For a sense of my sound you can hear some older tracks that I wrote and recorded here: <https://soundcloud.com/hauntsallhouses>

I have access to a variety of instruments and basic recording equipment. Open to quiet jamming at my apartment in West Philly, but would also be open to booking an hourly practice space elsewhere in the city depending on where things go.
