QR Code Link to This Post This is Socx ( Socks ) she is a beautiful, fun, loving dog. She is very smart and in need of a good home in the area. My husband and I have kept her and a few of her other litter mates since birth and sadly we have too many dogs for our yard.

She sits on command and gets down on command. She loves to snuggle and play. She rolls around on the ground, likes to tease and is very good with children. She is up to date on her shots. She loves to chase squirrels. I honestly adore her sweet little face.

She is shy upon meeting her for the first time.

I will make sure she is going to a good home since she is a big part of our lives and deserves the.
