QR Code Link to This Post Brakes, tune ups, suspension, windows, and more. i also do body and fender replacement, caused by rust or accident. Depending on severity. I currently own two vehicles that were totaled by insurance companies, you can't tell they were ever hit. I also have before and after pictures of said vehicles. I have 35yrs of experience and all of my customers are repeat. the best part of my job is putting a smile on your face, unlike most mechanics i don't mind if you hang around during repairs. in fact i encourage it! I've built a rapport with all of my customers, and i'd like to build one with you. I have a very low over head, and that equals lower costs to you.

My name is Jim, and I would like to be your mechanic. So give me a call, and lets go to
