QR Code Link to This Post This is a 2 level luxury townhouse in the highly desirable Moose Creek development in Teton Village at the Jackson Hole Mountain Resort. Those familiar with the Moose Creek complex know that these properties are among the most luxurious on the mountain with unrivaled ski access via the Moose Creek lift.

The 1st bedroom is located on the entrance level and contains a king bed with dresser, large closet, 2 night tables and a television. The private bathroom has a luxurious feel with the custom slate tile work. This bathroom has a bathtub with separate stand up shower.

The bunkroom on this level has a twin bunkbed, ideal for children or teenagers, and includes a TV/DVD. This level provides access to the washer/dryer.

From the entrance there is a stairway to the main level. This townhouse was designed with an open style concept and has a mix of carpet and custom slate tile flooring. The kitchen is luxurious and fully equipped with granite counter tops, stainless steel appliances and a large open design.

There is a large breakfast counter with room for 4 guests. The dining room table with 6 chairs is beside the kitchen. There are large windows that allow for great views up the mountain. From the dining room area, there is access to the patio, private hot tub, and a large propane grill. The ski in/ski out location allows you to 'ski-in' right to the back door.

The living room features an open design with a large fabric couch and chair, and comfy leather chair with ottoman. The large windows show off great views of the woods and mountains. A stone fireplace is in the living room as well as a large flat-screen TV and entertainment center equipped with cable, DVD, and stereo. There is free wireless internet access and a desk adjacent to the living room. There is a half-bath powder room adjacent to this area.

The 2nd bedroom, the master, is found to the left of the kitchen after entering the main level. It is elegantly decorated and provides a king bed, dresser with 6 drawers, a TV/DVD, 2 night lamps, and a large window. A private bathroom tub and stand up shower are also included. The master bedroom will have a custom slate tile floor and a granite counter top. Large mirror and a chandelier make this morning view great for adults.

The 3rd bedroom has 2 twin beds, 2 fluffy comforters and pillows. These beds can be pushed together for a king bed. The spacious room has its own dresser, closet, and another private bathroom with a bathtub. Custom slate tile flooring and countertops are present as in all the other bathrooms.

The location is unmatched for both winter skiing and for summer wildlife viewing on the Moose-Wilson road at dawn and dusk. It's the prettiest place in the world.

- Sleeps 8 in beds (2 king master bedrooms with lots of privacy)

- Nicely private, wooded view in living areas and patio
