QR Code Link to This Post Hello! I no this is a long shot, but I'm looking for a medium/large breed puppy for my children on Christmas. My fiance recently got the flu and it quickly turned to pneumonia and for that he lost his job. We were barely able to pay rent, and still have all other utilities to pay for this month. I'm not going to be able to give my kids a Christmas unfortunately because of this rough patch we're going through. But i asked them what they wanted for Christmas and they said a puppy. So I'm reaching out and hoping that someone has a medium/large breed puppy that they would be willing to give/donate to me for my kids with no fee. I no it's a long shot...i just really want to be able to give my children some type of christmas. Thank you in.
