QR Code Link to This Post My son and I are in need of a home to rent and want to be moved by Christmas. I had to get us out of a bad situation and we've been in a hotel for 2 months. I have some credit issues and make all cash so I do not have proof of income and these issues r making it impossible to find a place. I make enough to afford \$800 rent easily. Please someone give me a chance so we don't have to spend Christmas in a hotel room. Thank u
