We are a 21st Century "Social Aid and Pleasure Club" modelled after the original concept, of people who formed a collective to socialize and help each other, learn, share, build and simply just hang out. We have our own permanent, private oasis that's one part social area, one part workshop, makerspace, equipped with an amazing array of tools and resources. We are comprised of regular people, business leaders and everyone in between. We are a small, tight-knit group that socialize and learn and share. We do charity events. We also host classes and private concerts in our state-of-the-art venue and production studio. If you want to be surrounded by talented, creative people; if you want to be part of a collective that works together on cool projects, or even if you simply like pinball and music and want to meet some new people, take a look at the Mystic Krewe! Our dues are comparable to what you might pay to participate in other clubs, but we offer much greater value and lifetime friendships, and even the possibility of collaborating with others and creating new ventures.
