QR Code Link to This Post Custom calving available for the upcoming calving season. We still have some room left to calve cows or heifers this winter/spring. All cattle brought in and sorted. Cows calved in but are not run through the barn unless they have to or if you request that we do. You will have to provide hay plus a labor charge we have hay to purchase locally if you would prefer to do it that way also. We will keep records for you BW, BD, sex, Dam info, etc..... Then you will receive a record book when you pick your cattle up.

Cattle can be left until end of April first part of May or you may haul pairs home throughout calving.

Thank You
