QR Code Link to This Post Puppies should receive vaccinations, the first at around 8 to ten weeks of age and the second, two weeks later at around ten to ten weeks of age. Older Dogs require booster vaccinations occasionally as recommended by their Vet. Puppies should have at least had their first set of vaccinations before they leave. If the seller has not started the puppies vaccinations, it will be your responsibility to make sure you arrange both vaccinations 7 days before letting your puppy go outside Pembroke Welsh Corgi pups pure bred brown and white ten Weeks old male he is very bios truss, just likes to your attention wants plenty of fuss but also needs to calm down once calm down he is so loving . I have 6 females (1 brown and 1 white) and 1 white male. They have received their first set of vaccinations, de-wormer, and their first vet check.
