QR Code Link to This Post Hey there,  
I run a small solar energy company and we need more domains linking to us (so that our pages will rank better). We need someone to help us hustle for backlinks. Guest posting, resource pages, and others we are currently doing. So we'd like if someone could bring some new ideas to the table.

Pay will be on a per link basis (no monthly retainer).

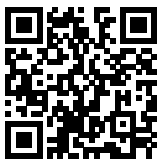

If you have experience doing this, please write. We'd prefer to work with an individual (this needs to be W9/USA) but are open to an agency. Thanks!

Please keep email short and to the point as we will frankly ignore the long.
