QR Code Link to This Post Beautiful purebred baby holland lops. They will be ready by mid December or can hold till Christmas. I have **only one female** left. She is solid black.

These babies are very much loved and handled daily. They will be excellent pets and are very friendly. Reservations can be made with half down as a deposit. Must be paid in full once they are weaned in order to hold for Christmas. I can hold past Christmas for a minimal fee with prior arrangements if you're traveling over the holidays.

Please email with any.
