QR Code Link to This Post I have a puppy ready to go to her forever home. 1 female puppy, born the first week of november. She will be small and have long hair and yes the mom and dad are my doggies. The dad is a yorkie papillion mix and the mom is a cocker spaniel mixed with I'm not sure, she looks like she has some schnauzer in her, they are both small dogs. She has some of her teeth and is drinking and eating fine and is using the puppy pad good. She's a verry playful puppy who loves playing with her mom and dad and my 2 little boys. There is a rehomeing fee to insure she goes to a good forever home, if you are for real interested you can contact me at

. I prefer texts..
