QR Code Link to This Post Hi! My name is Dobby. I am a 2 year old mixed breed (daushound/Staffordshire terrier mix?) I weigh about 15 pounds and am the sweetest guy ever! I get along well with cats, dogs and children of all ages. I am neutered and house broken as well. My foster mom has fallen in love with me and she needs any prospective adopter to know that while I am not at all aggressive, I am fearful toward new people so I need someone with the love and patience to help me work on my confidence. I come with my collar, leash, new bag of food, treats, toys, bed, crate and food dishes. There is a rehoming fee of \$150 (but for the right person we can talk) I would love to find my forever family for!
