QR Code Link to This Post Sooooo, I know this sounds a little wacky, but I promise I'm not some sort of craigslist wacko (I know, I know, that's exactly what a wacko would say...)!

Anyway, I'm a mid-30s professional, athletic, clean cut, handy, caucasian guy that has always thought that the idea of doing some handyman work for while wearing only jeans, only boxers, or nothing at all is really hot. If you're a woman (sorry, no dudes) that needs something fixed around the house and also thinks the idea is fun, I'd be game to come over, wear whatever you're comfortable with, and knock out your to-do list. I used to flip houses and did 95% of the work myself, including electrical, plumbing, framing, drywall, doors, cabinets, and installation of other finishes, so I can handle just about anything. Assuming the job is relatively small, I'm game to do the work just for the fun experience (aka free...and no, I'm not expecting you to pay me with any "favors" of any kind), so you'll have a few extra bucks for a manicure or holiday shopping!

Here's a g-rated pic of me (I'm 6'6" and 200#). If you like the concept, I look forward to hearing from you!!
