QR Code Link to This Post Our daycare is a neat and clean daycare, with a safe non-smoking environment, and a safe neighborhood. The daycare is inspected by Fairfax County every 6 months and there has never been an issue. It is a Fairfax County licensed daycare, with a government subsidy agreement, along with the USDA food & nutrition program. A background check has also been completed on all legal members of the household with no issue. NOVA hospital is right across the street for easy access in case of an emergency.

I have taken all required classes (16+ hours) in order to operate a legal and safe home-based daycare.
I am Fairfax County licensed, up-to-date CPR/First-aid certified, and take extra classes in order to provide the best possible childcare. I have 16 years of experience and there has never been an incident or issue. Children are supervised at all times, given care as if they are my own children. Your child will definitely feel at home!

There are also age-appropriate games and basic education such as learning the alphabets and numbers, along with how to speak (for young children). Children usually follow the daily schedule, along with its activities, breakfast, lunch, dinner, nap time etc. Childcare rates are affordable as well. If you would like references, they are also available!

If you are interested, feel free to contact me through e-mail or by phone.

Timing: Monday to Friday, 24 hours.
Ages: Infant to 4 years old.
