QR Code Link to This Post Hi there!

My partner and I are searching for a person to help us clean since we cannot keep up with everything ourselves. This would be bi-weekly for probably 3 hours at a time performing things like cleaning the floor, swiping down bathrooms, and so forth. We like utilizing environmentally sound products so we will supply them. So far as timing we would like somebody on a weekday evening or a weekend at first but can be flexible going forward.

Thank!
