From New Home construction, to older home remodels including -Troubleshooting, GFCI, Lighting Installation or change outs, Dedicated Circuits, Switch Replacement install, or troubleshooting, as well as outlets and more. Many satisfied customers, many problems resolved. My goal is to exceed, not just succeed. If there is anything that you need help with, whether it be trying to figure out what the problem is, or simply upgrading your lights, let me know and I will be more than happy to help you out. I service customers all throughout Phoenix and immediate surrounding areas of the valley with quality affordable work. We are consistently referred to family member and friends of those we have had the opportunity to serve, which we believe speaks volumes for our work and integrity.
