36 6 bulb T5 80

Location **Wisconsin** https://www.genclassifieds.com/x-257524-z

Selling a 36" 6 bulb T5 fixture. I'm not sure on the brand, I've had it sitting around for a bit. It has 3 bulbs that have only 4-5 months of life on them and another 3 that could be changed (I believe they have had a good 9+ months of use). Fixture runs great, I used to have it on my 65 reef tank but switched to LEDs. Included some pictures of the fixture and the fixture on my tank. Looking to get 80 OBO. Will consider trades for coral frags but would prefer.
