

Formica Brand Solid Surface Countertop Uncut Slab 30x12 (350 USD)

Location **Washington**
<https://www.genclassifieds.com/x-257549-z>

This is a uncut slab of solid surface counter-top material made by Formica. It is usually called Corian (which is a brand of solid surface). It is a deep green base color with beige and black flecking.

The slab measures: 145" long x 30" wide x 1/2" thick

Solid surface can be cut, sanded and shaped using standard woodworking tools like a table saw, chop saw, router and sander with finish grade blades and sandpaper. It can be joined by gluing with a clear epoxy and clamps. If done properly the seam is barely visible.

The top has some scratching from storage but as this material can be sanded and polished they are not a problem. One corner has a 4" chip which only goes about 1/2" into the slab.

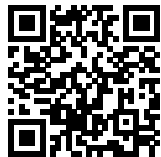

This is a piece that has been in our storage and needs to find a new owner. Asking \$350.00 - which is about half of what it cost originally.

If interested please call Mace at and I will respond as soon as possible. Thank.
