It seems like that Nashville Gig Finder on Face Book has changed as they wanted to go from Face Book to their own web site. Sadly NGF on Face Book is no longer the same. So I want to post an announcement about a couple of events for musicians. At Guitar Center in Nashville, two workshops are scheduled at 10:15 PM this Saturday morning on January 24, 2015. One of the workshop at Guitar Center is for free guitar lessons as one the one that I am attending is for a recording workshop made easy. I will be there at 10 PM to welcome any one interested in networking with each other and maybe after both workshops are over, we can have lunch together, share funny road stories, make new friends, and network with each other.
