

Foster home needed for elderly little dog (Nashville)

Location **Tennessee**

I need to find a temporary foster home for my best friend. He is an elderly purebred bichon frise. He is well trained, non shedding and will let you know when he needs to go out. My preference would be someone who is home during the day. He is wonderful with children 6 and up. Please have a fenced yard. He is dog friendly as well. If you have a temporary space in your heart and home for a wonderful little dog please contact me with details about your location, home, family, pets and include a phone number. I will provide his bedding and bring.
