

Home Theater, Sat, Cable, CCTV, Phone, Remote Controls. (Valley wide)

Location

Arizona

<https://www.genclassifieds.com/x-257769-z>

Custom Home Theater design, installation, sales and service. I provide the best service in the Valley and have the references to prove it. I've been providing the best quality work here for over 22 years and also subcontract for other Audio companies with some of their more difficult projects. I'm better equipped than any other installer you will see. I have a fully loaded enclosed trailer with more than 3 times to number of tools than you will see with my competitors. Please don't let a rookie or big box store installer lead you down the wrong path with unnecessarily expensive, accessories and equipment that do not integrate well with each other. Call Greg at Four Eight Zero-233.
