Up for sale in a great chair and ottoman.
This chair set is well cared for and still has plenty of life left.
This chair initially was in our master bedroom sitting area and was a great addition.
Then it was moved to our formal living/piano room. Again, a versatile chair and ottoman that goes well together or split.
I'm just reorganizing furniture this new year and finding a few pieces that I can part with for space reasons. Family actually not ready to part with, but I'm making that decision for us.
Very comfortable chair and large oversized ottoman with great detailing.
Both solid pieces and sturdy.
Color blends well with other colors. See pictures. Better in person!
No stains rips or tears on chair. Ottoman has a couple piddle marks on skirting that aren't visible, but can be cleaned and would be fine. I'm just being picky for you.
Dimensions:
Chair: 39" tall x 39"widex 36"deep
Ottoman: 18"tall x 32" wide
Pricing to sell quick. \$125 obo
All furniture comes from a smoke free home.
Please check my other listings as I have other furniture for sale as well.
Feel free to call or txt if you have any questions.
