Zyra is a 4 year old Ridgeback mix and weighs 43 pounds. She LOVES to play and be with other dogs (she doesn't mind cats either). She would really love a playmate!

She has tested for heart-worms and is NOT contagious. She has already been treated for it and is also on a monthly heart-guard.

She needs a large yard with a fence or acres and acres for her to run. She loves to be outside!

House-trained, I do NOT crate train any of my pets. She is also spayed and UTD on shots.

Let me know if you're.
