I am looking to rehome my 9 week old bulldog puppy. We have busy schedules and I feel he isn't getting the love and exercise he needs. Our backyard is just too small for him to play in and I don't want to take him to the dog park yet, as he is still a puppy. He is in the process of potty training. He has bowls that come with him, a bed, food, toys, and treats. He is up to date on shots, but is due for more soon. Serious inquiries only. .
