I am looking to buy 3 or 4 bedroom single family houses, minimum 1200 square feet, built after 1979 square feet in the Greater Atlanta area. Looking to pay between \$30k to \$120k. Will buy houses in "as is" condition. Can close in 7 days or less for all cash. I must be able to acquire the houses at no more than 70% of ARV (after repaired value) including your profit. Also interested in multifamily up to 4 units. Email me property address that you have under contract, your lowest selling price, and realistic comparable sales. Find me some great deals and I can be your go to person on a continual!
