Do you something welded you? I can make it how ever you want it. I make pull behind grills with sinks and hot water. I mig,stick,tig. If you need it repaired or builted just let me know.

## A&S HANDYMAN AND PRESSURE WASHING

My name is Anthony Camp, my wife Susan and I are starting up a new handyman service in Oxford. I have worked in all fields of construction and maintenance with over 27 years of collective experience in these fields. My wife has a business degree and will be helping with the office work.

We will be looking to do all your small repair work and routine maintenance of your home. We also build decks, porches, pergolas, planter boxes, garden sheds, etc. We can change out windows, hang ceiling fans, dry wall repair, change out water heaters and appliances, etc. Small painting jobs, trim, hang doors, closet organizers, back splash, tile work, welding .....the list goes on and on. Just call for a quote today.

Our focus will be on turning out quality work and providing superior customer service. We are looking to grow this company to the point we can employ other quality handy people and we need your help in this venture.
