Hi I'm looking to rent a room asap. I'm able to afford about 300.00 a month and am currently in a place that is a little to far. I'd like to live on east side of anchorage and I'd like rent a room with someone who does not horde and who is respectful of my privacy and also a place clean quiet and with no bugs!!! I'm clean quiet and I work graveyard shift at Walmart. I am very respectful and I am clean. I'm single and I'm looking for a place with no drama. I'm not looking for any spam or any kind of weird men to reply to my post so please don't Evan bother if that's what your about. I'm looking to get in to a place ASAP. THANKS
