This is Jackson. He is full of personality, loves to play, lick, run, play tag, and he can almost fly a plane;). We've had him for a few years now, but it's time to find him a better home. I work way too much, and can't give him the attention that he deserves. Jackson knows tricks such as "stay", "come", "sit", "up", "down", "fetch" and "high five." We found him as a stray puppy a while back, and the vet believes he has some Corgi in him.

If you'd like to meet Jackson and can help provide for him, please send me a message. We are located off Broyles in Fayetteville, but we can travel to you if close.
