Hey there, Jeff here with Rental Friends - a real estate company and apartment location service.

I have helped thousands of people look for and find great places to live over the past nine years.

I work with TONS of apartments and lofts downtown from the River North (RINO) area to City Park, Cherry Creek and Cap Hill down to Englewood. I know where some great deals are!

My service is totally free if you are looking for a place, (I get a referral fee from the owners of the props) so it is a great resource for you for free.

give me a call.
