I'm looking for an attractive female interested in shooting some Playboy and Penthouse type of pictures. You must be comfortable shooting all types of nudes and confident in yourself.

I'm a professional photographer with plenty of experience shooting models. I have worked with all type of models over the years. If you've never shot before I'm the person for you. I'm good at posing and helping you with your looks.

If this sounds like fun then this is the ad for you. Please tell me about yourself. What you look like, your age, etc. A picture would help. Clothed is fine. This is for females 18 and up.

If you're interested give me a shout for more info. Let's set something up today.
