I'm looking for an attractive female interested in submitting to some men's magazines. Like Playboy, Penthouse, Hustler or Barely Legal. You must be comfortable shooting all types of nudes and confident in yourself.

I'm a professional photographer with years of experience shooting models. I love to work with new and experienced models. I'm good at posing and helping you have a fun time.

If this sounds like the ad for you please tell me about yourself. What you look like, etc. A picture would help. Clothed is fine. This is for females 18 and up.

If you're interested give me a shout for more details. This is a legit ad and I'm local not in some other state. With that said ask yourself what's holding me back. So let's set something up today and see if we can get discovered.
