Competitive Hourly Rates!  
 Part-Time

Are you looking for extra income? --- Do you enjoy working with people? --- Are you passionate about or interested in learning about the latest in computer technology?

We are currently seeking part-time employees to represent a leading (Fortune 500) technology manufacturer of laptops, desktops and printers. This position will involve being trained on client products and working on-site at retail locations in the Fayetteville area as a technology product specialist.

This position's schedule is mainly weekend hours which are 12:00pm-5:00pm on Saturdays and Sundays and involves assisting customers in locating the appropriate technology products for their needs. There are flexible hours worked during the week to provide basic technology product training to retail associates. We look for outgoing and self-motivated individuals with sales or marketing experience and an aptitude to learn technology. This is a really fun job for the right person.

Total average weekly hours are 5-20 per week on average but can fluctuate depending on the time of the year (holidays are very busy and more hours are offered). This is considered a long-term (or permanent) part-time opportunity.

Qualifications: Must have HS diploma/GED. Must have smart phone and reliable.
