

# Ambitious and beautiful female needed (NWA)

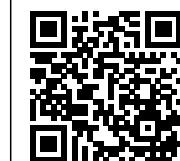

Location **Arkansas**

Big city person has moved to this wonderfully tiny metro of NWA and looking to continue and expand the adult themed business currently operated out of the Houston area to NWA. The biggest challenge is whether or not there is an exceptionally outgoing, beautiful, ambitious, female in the area who has absolutely no problems being nude in almost any situation who would be somewhat of an adult themed personal assistant for me - I've got to find someone for this position before anything else can get accomplished in this area - literally your only job is to look great and be nude as much as is needed - that's it. It's worth several thousand a month for the right person once we get this moving so if you aren't willing to do almost anything this probably isn't your job. If you think you're the girl, send photos and your phone number and I'll be in touch very.
