17 yrs old. Lakewood Co. Serious I mostly mess with electric guitar and I'm looking to get wicked good.

Down to make a cover band. down to write originals or collaborate with people trying to form their solo projects into a live band.

If you're looking for someone to fill a spot in an already established band I'm sure I could pull my own weight when something serious pops up.

Influenced my rock, alternative rock, hardcore punk, folk punk or indie rock, metal. Experimental rock. The Stills, Radiohead, Deer Tick, Pat the Bunny, Crystal Castles, Allen Stone, White Stripes, Unwound, Citizen.

Chill dude, looking for motivated peeps to jam with. open minded & ready for whatever you'd like to contribute. preferably dudes and gals around the same age. If you're eager to play music let me know what's good. shoot me an email! JAGCFXGOG@GMAIL
