I have a brother and sister about 8 months old. Australian shepherd/ pit mix. super sweet dogs. Both me and my fiance have busy work schedules now and they need more exercise. preferably someone who has a yard. I would like to keep them together but they are also available to split up. Jax is the male. he is a very adorable puppy. loving and gentle. he's the black one. Sookie is the smaller one she is spotted like her Breed and is so very sweet. neither are spayed or neutered. no charge for either. just looking for a good home. text if you have any questions. my name is.
