Hello my name is Megan and I have 2 spots open RIGHT NOW!! I only take on a maximum of 4 kids other than my own that way each child receives the attention they need. I have an in home daycare in the Nunaka Valley neighborhood on the corner of Boniface and Debarr. I have a fenced back yard for when the weather is nice and the elementary school is just down my street for a nice little park. I also have a large room with a ton of toys that kids love to play in. We do incorporate some preschool curriculum into our day. I have a daughter who is 5, a 4 year old son and 5 month old son. I have spent most of my life looking after kids ages 0- 5 years starting when I was 12 at a very large church in Southern California where there would be up to 10-20 children per room. I also have 6 younger siblings so I have a ton of experience with children. I can pass any background check.

I do not accept daycare assistance however I do write receipts and claim everything on taxes. I also give you my information so that you can claim on your taxes as well (it helped me a lot when my kids were in daycare).

I am happy to answer any questions you may have so please feel free to email me or give me a call at My rates are as follows:

Monthly Full Time:

450\$ for one child if the parent brings their own food

500\$ for one child if I provide the food

Sibling Discount:

55\$ for one child if the parent brings their own food

22\$ for the second child if the parent brings their own food

7\$ for the second child if I provide the food

Monthly Part Time: 150\$ for one child or less

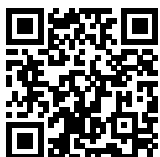

300\$ for one child if the parent brings their own food

55\$ for one child if I provide the food

22\$ for the second child if the parent brings their own food

7\$ for the second child if I provide the food

Drop In rate: 45\$ a day
