Rescued Young Cats...Domesticated Loving Sweeties For Good Homes (WasillaKGB)

Location Alaska https://www.genclassifieds.com/x-258455-z

We have three 6 month old cats rescued by us from the woods and loved on and trained up...all are very clean and indoor litter box type kitties so far. There is a \$1 rehoming fee and Military Families and Friends are encouraged to consider these young but well behaved girl and boys.

"Betty" is a medium-hair caramel female tabby about 6 mo's...she is very shy but warms up and would be a great little buddy for a single lady or quiet couple.

"Sneezy" is a short-hair black male and has a brother who may be his twin, both about 6 months old and good little cats who are low maintenance in style.

These cats are healthy, but all need their immunizations and need to be spayed or neutered.
