UBER is currently running a promotion.

If you currently drive for a rideshare company that IS NOT UBER (like Lyft or Sidecar) and you sign up to drive for Uber using my referral code, you will get \$500 from Uber after only ONE TRIP. I will also receive \$500 for making the referral. As an incentive for you to use my referral code over someone else's, I will give you an additional \$100 from my \$500 bonus. So that's \$400 for me and \$600 for you! After only ONE TRIP! With no obligation to take a second one!

If you have questions, please let me know. What a great way for us to make a few extra much needed!
