This Wednesday the 28th I need someone to help with the following:

Move ~10 kitchen cabinets from my garage into a u-haul.
Drive with me to the garbage dump and unload the kitchen cabinets
Drive to Christiana Costco, pickup a couch, load into u-haul
Unload, unpack, and setup couch at a business in DT Wilmington.

It's a simple gig, we won't be moving anything up or down stairs, should only take a few hours, most of this will be driving time. If it's a good fit then there will be other gigs in the future. I'm located in Pike Creek across the street from McGlynns. Please respond to this post with a phone number so we can do a brief 5 minute call..
