We are an up and coming escort agency. We are currently thriving and have more clients demanding more appointments than we can fill. We need to hire new talent asap. We are looking for younger attractive women ages 18 to 25 as we aim to provide a higher caliber of girl than other services. We supply security drivers for all of our women and offer the best take home percentages of any company. We even offer housing to girls who are currently in bad living situations and wouldn't be able to come and go as they please. We are the safest most secure provider in the cincy area. Join our winning team. Apply to this post with a few pics and contact info. We welcome girls of all races but are particularly in need of white and Asian women so if that is you then you already have an advantage. Let's get started.
