Lulu is totally delicious! I could just kiss this face all day long!! Lovely Lulu is a smart, affectionate puppy that wants so much to please. She came to the shelter as a stray a few months ago, she was bone thin and had a skin irritation. She looked like she had lost her best friend. Now, Lulu is a different girl, her skin has cleared up, she gained some weight and she finally seems calm and relaxed! The volunteers have been loving on her but now she needs a place to call home. Lulu is about two to three years old and 45 lbs. She is dog selective so if you have a dog already a meet and greet would have to take place. Even though Lulu doesn't love all other dogs, she is dog appropriate and can easily be walked around other dogs. She is easy to be with and easy to walk. If Lulu sounds like a fit for your family please call or text Leslie our adoption coordinator at

for more info and an application. She will be spayed and up to date on her shots prior to adoption. Also, Lulu can be transported to an approved.
