I'm a bass player with two decades of experience. I currently play in a band and work a full-time job, but I wouldn't mind picking up a second band. I'm open to covers or originals, as long as there is at least some compensation for gigs. Prefer established bands over start-ups. I'm over 30, responsible, have reliable transportation and professional gear. I do not sing. Reply if interested and please include a link or sound clip or something to give me an idea of what you're doing.!
